

SAFE AND SUCCESSFUL MEETINGS

It is wonderful that we can finally be there for you again! Welcome back – be our guest and enjoy your event, which we would like to make as pleasant as possible under our new safety and hygiene conditions.

Our measures for a healthy togetherness:

- Distance markings in the public areas and in the conference rooms limit your zone of contact to other guests and to ATLANTIC Hotels employees.
- All public areas and our conference rooms have sufficient disinfectant dispensers or wipes for ideal hygiene. Our hotels also have numerous facilities for washing your hands.
- In all necessary areas, ATLANTIC Hotels employees wear a protective mask – with a smile behind it.
- For your protection and for the protection of our employees and other guests, we limit the contact with you to a minimum. As far as possible, we avoid contact during check-in and check-out and recommend contactless payment at reception. Payment can be made by invoice, by bank transfer or directly when you make your reservation on our website.
- As usual, we take care to ensure thorough cleaning and airing of the guest rooms, conference rooms and the public areas. In addition, we recommend our Green Service if you stay for two nights or more. In this case, you forego the daily cleaning of your room.

- Our staff in the restaurant and kitchens strictly follow the hygiene requirements when preparing your food. We pay close attention to the specified minimum distance and are happy to serve your meals at an appropriate distance in the outdoor area of the restaurant, where possible. Of course, we recommend contactless payment in our restaurants. We have also optimized our room service card for you and will be happy to provide you with contactless service directly in your room.
- Our Event Sales Team will also be happy to discuss individual “to-go” break packages for the coffee break. Soft drinks, tea and coffee specialities are of course served by arrangement.
